WHAT IS A HORSESHOE?

Horseshoes are coverings worn by horses to protect their hooves. They are made out of iron or aluminum and shaped like the letter "U". Sometimes, people hang horseshoes over their doorways as a sign of good luck!

Color in the horseshoe, then use the empty space below to draw and design a horseshoe of your own!

WORLD GRAND CHAMPION

Midnight Sun is the most famed Tennessee Walking Horse Grand Champion in the United States. The stallion from Harlinsdale Farm in downtown Franklin quickly became one of the leading sires of the Tennessee Walking Horse breed and went on to become World Champion of the Tennessee Walking Horse National Celebration in 1945 & 1946.

The real Midnight Sun had a swishy black tail, but you can choose your favorite colors to fill in this version!
